

A world map is the central focus, rendered in a soft, watercolor style with continents in muted colors like purple, green, and yellow. The map is set against a light beige background decorated with scattered grey stars. Various whimsical illustrations are scattered around the map: a hot air balloon with green and white stripes in the top right, a biplane in the middle right, another hot air balloon on the left, and a fox-like creature riding a bicycle in the bottom right. The title 'World Map' is written in large, colorful, block letters across the center of the map.
